## **FOR IMMEDIATE RELEASE**

### **AMTC Introduces the Manual Flushometer Line for Water Closets (Toilets) and Urinals**

CHATSWORTH, CA (April 2012) - AMTC expands its product offerings by adding manual flushometers to its line. The AMTC Manual Flushometer is a highly durable flush valve offering optimal flushing performance. It features a proprietary silicone diaphragm for long life and years of dependable operation. AMTC Manual Flushometers are designed for urinals and water closets and are available in various flush volume models including high efficiency models.

#### About AMTC

AMTC is a leading manufacturer of advanced plumbing systems and water conservation devices for commercial applications. The company specializes in “touch-free” electronic flush valves, urinal and commercial toilet systems, electronic faucet systems, and electronic soap dispenser systems. All of AMTC’s electronic plumbing systems utilize its proprietary Micro-Cam Technology as a more reliable alternative to solenoid technology usually found in most competitor systems.
